Menzelstrasse 30, 52134 Herzogenrath
Germany

RFChem Co. is a German chemical company, which has offices and facilities in 6 countries. Its headquarters are located in the small town of Aachen, in west Germany. R. F. Chem manufactures chemicals, life science and biotechnology products.

☑ Life Science:

- Amino Acids
- Antibodies
- Enzymes, Inhibitors, Lipids
- ELISA kits ,Antibody Kits
- Biochemistry
- Cell Culture
- Electrophoresis
- Microbiology
- Molecular Biology

☑ Chemicals:

- Catalysis & Inorganic Chemistry
- Chemical Biology
- Chemical Synthesis
- Chromatography
- Inorganic & analytical reagents
- Natural & reference materials
- Organic & bioorganic chemicals
- Solvents
- Synthetic Reagents

☑ Labware:

- Bottles & Caps
- Filtration, Water Purification and Dialysis
- Laboratory appliances
- Laboratory Equipment, Transport, Tools
- Glassware
- Measuring Instruments
- Occupational safety and personal protection
- pH Supplies
- Pipettes, Pipettors, & Tips
- Sampling, Pumps, Liquid Handling
- Stirrers
